### 10 Ways to Sexy Hair

#### Veer Off Center

"A low side part works on every face shape," says Josh. Use the end of a rattail comb to draw a line from the hairline at the outer corner of one eyebrow diagonally back to the center of the crown. It creates a sultry swoop in front while maintaining balance on both sides.

Speert comb, \$10; buy online now at [speert.com](http://speert.com).
